Username:

Password:

Launch your browser (Google Chrome) and key in 192.168.0.1 in the address column and press Enter. Enter Username: Admin, Password: "Blank"> Login

STEP 3

WELCOME TO THE D-LINK SETUP WIZARD

This wizard will guide you through a step-by-step process to configure your new D-Link router and connect to the internet.

- Step 1: Configure your Internet Connection
- Step 2: Configure your Wi-Fi Security
- Step 3: Set your Password
- Step 4: Select your Time Zone
- Step 5: Confirm Wi-Fi Settings

Setup Wizard page will pop up and click next.

STEP 4

Step 1: CONFIGURE YOUR INTERNET CONNECTION

If your Internet Service Provider was not listed or you don't know who it is, please select the Internet connection type below:

☐ DHCP Connection (Dynamic IP Address)
Choose this option if your Internet connection automatically provides you with an IP Address. Most Cable Modems use this type of connection.

☒ Username/Password Connection (PPPoE)
Choose this option if your Internet connection requires a username and password to get online. Most DSL modems use this type of connection.

☐ Username / Password Connection (PPTP)
PPTP client.

☐ Username / Password Connection (PPTP)
L2TP client.

☐ Static IP Address Connection
Choose this option if your Internet Service Provider provided you with IP Address information that has to be manually configured.

Choose the PPPoE, key in PPP Username and Password & setup WIFI SSID and Password

STEP 5

SETUP | ADVANCED | TOOLS | STATUS | SUPPORT

INTERNET CONNECTION

If you are configuring the device for the first time, we recommend that you click on the Internet Connection Setup Wizard, and follow the instructions on the screen. If you wish to modify or configure the device settings manually, click the Manual Internet Connection Setup.

INTERNET CONNECTION

If you would like to utilize our easy to use Web-based Wizard to assist you in connecting your new D-Link Systems Router to the Internet, click on the button below.

Note: Before launching the wizard, please make sure you have followed all step outlined in the Quick Installation Guide Included in the package.

INTERNET CONNECTION

If you would like to configure the Internet settings of your new D-Link Router manually, then click on the button below.

For VLAN Setting, Choose Manual Internet Connection Setup.
